

Varied Practice

Decomposing Numbers · six item formats

Nothing to read. Nothing to write. Students circle, match, build, draw, and color.

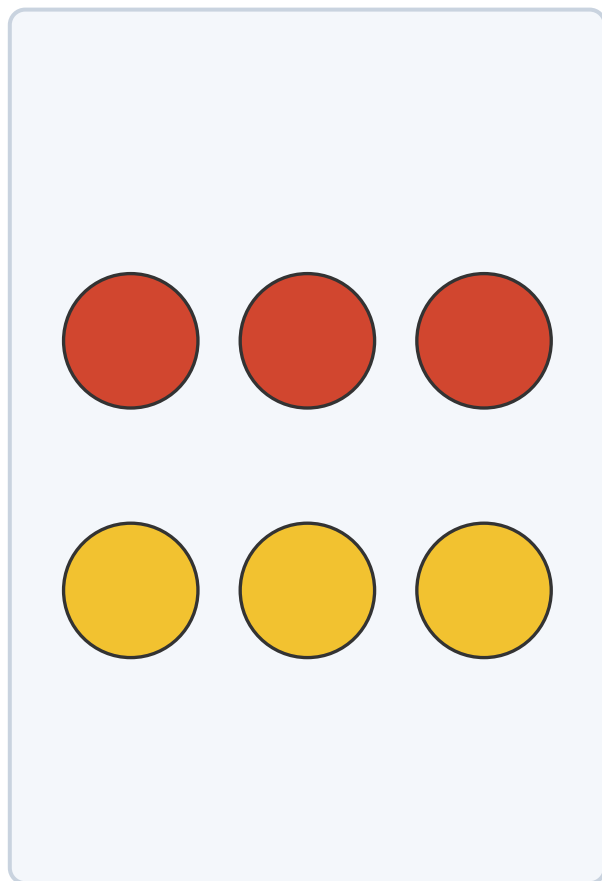

Format 1: Circle It

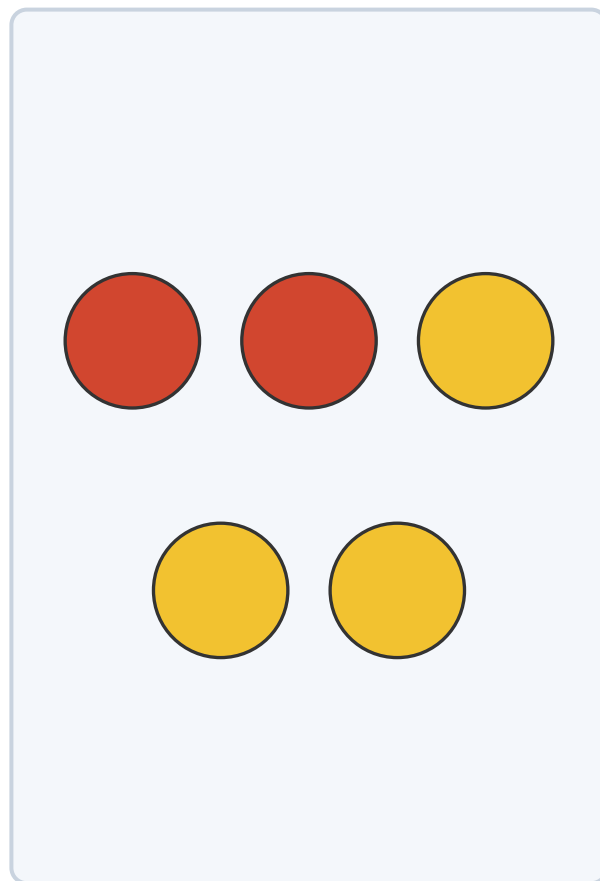

One correct visual, two that are not.

Name: _____

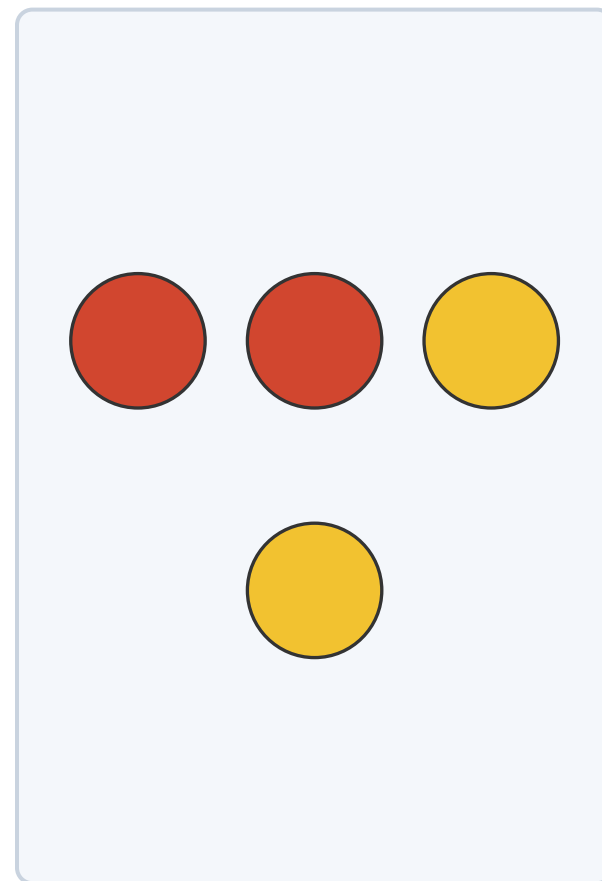

Circle the spill that shows 5.

A

B

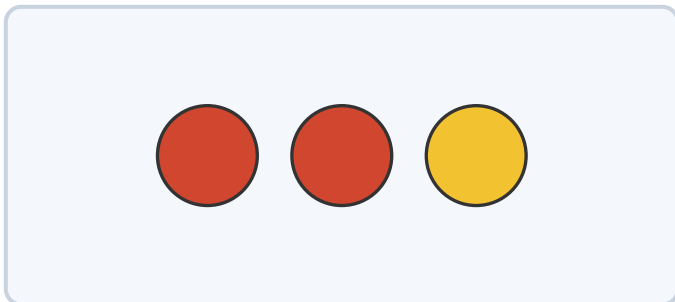

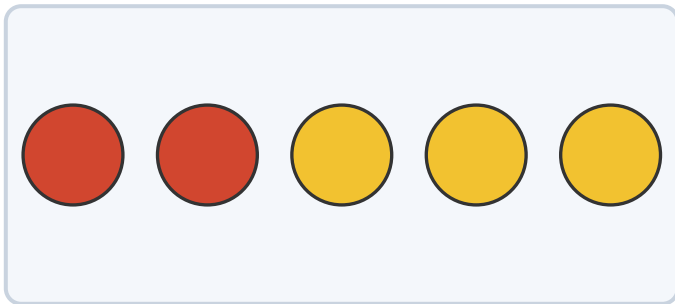

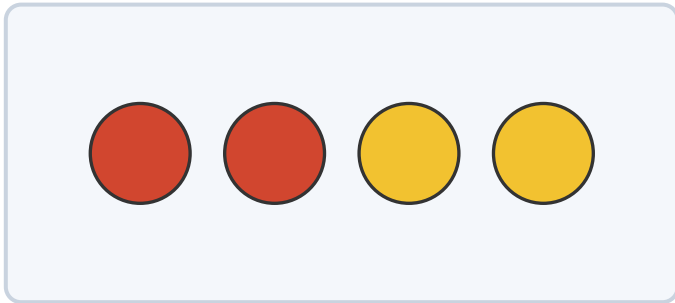

C

Format 2: Match It

Name: _____

Draw a line from each spill to its number.

Draw a line to match.

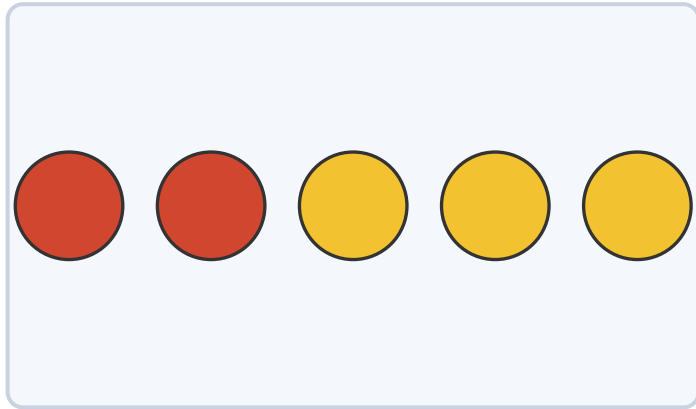

Format 3: Build It

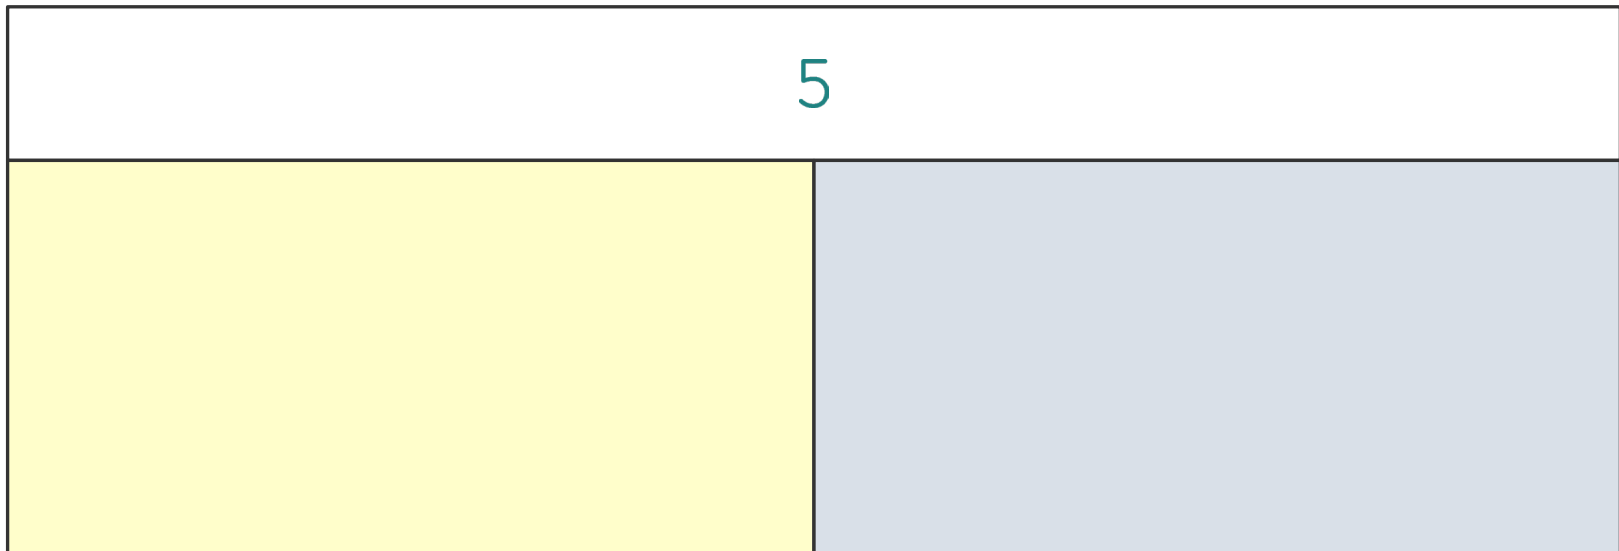

Name: _____

Copy the visual with real chips, then draw it.

Build this with your chips.

Now draw it on the mat.

Format 4: Three Ways

One way is given. Draw the other two.

Name: _____

Finish each row.

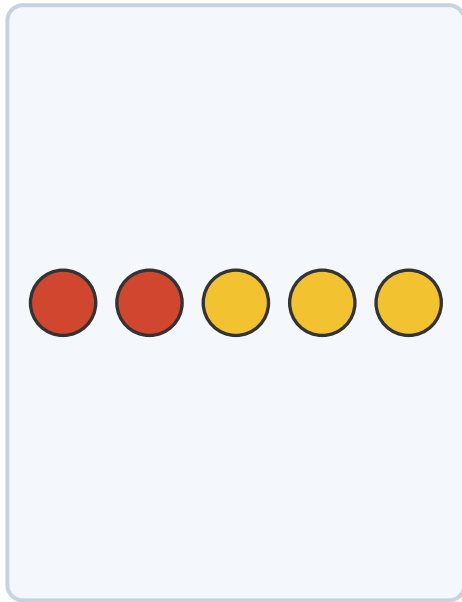

How many	Work mat	Chips
4		

Format 5: Which One Is Not

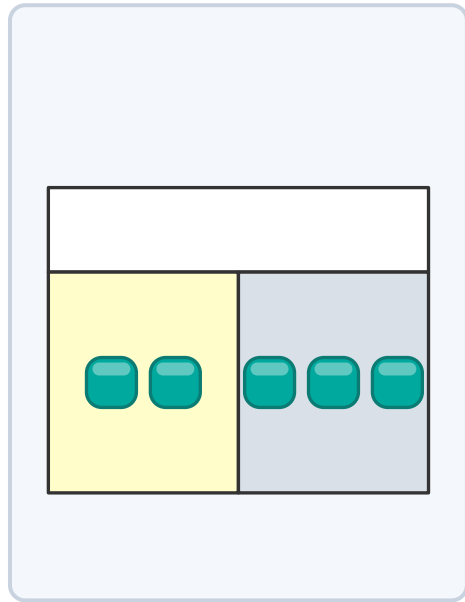

Four visuals, mixed models. One does not belong.

Name: _____

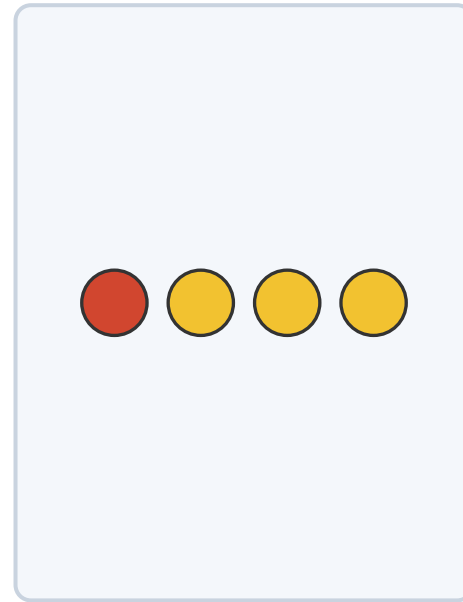

Circle the one that does NOT show 5.

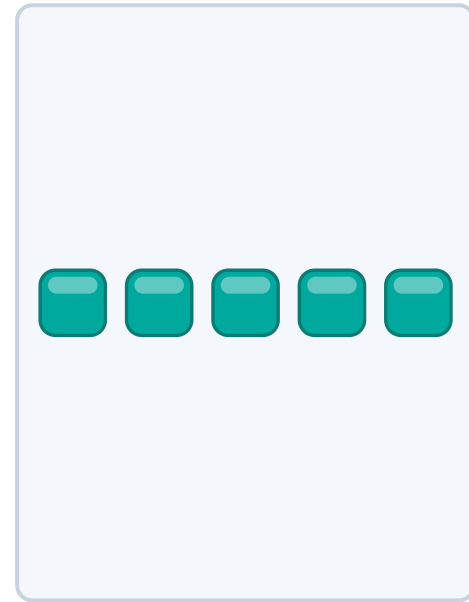

A

B

C

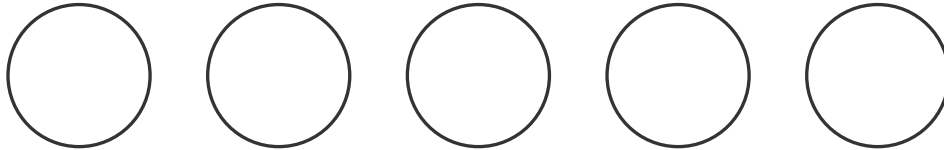

D

Format 6: Color It Two Ways

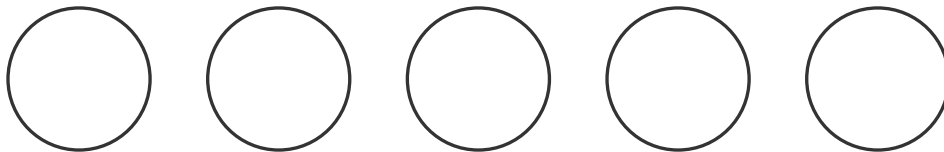

Blank chips. The student decides the decomposition.

Name: _____

Color 5 chips. Some red. Some yellow.

Now do it a different way.

Crayons

red

yellow
